

Greater Naples YMCA Private Lifeguard and CPR/AED Certification Request Form

Purpose: The Greater Naples YMCA seeks to teach Lifeguarding and CPR to as many students as possible through our group lesson program. As a supplement to that, we offer private instruction. Private certification will be based on pool usage and instructor availability.

Procedure: This form will be available at the Member Services desk for those interested in private Lifeguard or CPR Certification. The adult student or parent of students under 18 years old will complete this form and the Member Service staff will place it in the aquatics director's box. The aquatics director or an assigned teacher will then contact the member in approximately one week. Once scheduled, the student or parent will need to register and pay at the front desk prior to the lessons and give the receipt to the instructor at the first class.
